LAUNDRY RECOMMENDATIONS

Your son will be assigned a laundry number in the acceptance letter for the summer program. To avoid losing any articles of clothing, it is best to have all clothing well marked before he arrives.

1. Your son will receive a laundry number upon acceptance.
 - a. To apply the number to the clothing you can use a **Sharpie permanent marker**. Mark the clothing items as needed in a discreet location so the number is not visible when worn. Be careful when marking white clothing as the numbers can bleed through to the other side and be seen; avoid using a thick Sharpie marker especially on white shirts or white polo shirts. The numbers should be applied to the inside of the clothing items, in the collar for shirts and in the inside waist area of pants and under garments and should not be placed on the outside of clothing.
 - b. The number should be easy to locate after removing from the dryer since there are many clothes to distribute daily. If the number is not found quickly and easily, the clothing item usually goes in an unmarked bin and given to charity later in the year.
2. Exclusively for socks, you can buy a **Zipper Mesh Sock Bag** and mark the sock bag with your son’s laundry number and then you don’t need to worry about marking each individual sock. It would be good to have several on hand since they may not come back daily from the laundry, and the boys change clothes several times a day.
